## **Jakob Schaefer**

Team leader, organized meetings, combining all contributions into files and correct formats, setup seats section on project, setup README – created team contributions by what each member did during the project - joined all meetings - helped with video

## **Derek Litke**

Contributed to move showtime pages with 4 current movies in theaters – updated the home page with the posters and buy tickets to individual pages – joined all meetings - helped with video

## **Andrew Carter**

Contributed to payment confirmation page – helped with organizing meetings, teaching how to use Git and helped all members with git setup – setup GitHub repository and has managed the repository – joined all meetings - helped with video

## **Hanyong Yoon**

Contributed to browse page and main home page, setup how the page looks and functions – helped with setting up meetings, and helping where spots needed filled out – joined all meetings – helped with video

## **David Sowles**

Setup Brochure and slideshow – missed all meetings

## **Ryan Smith**

Contributed to payment info page, helped create a template to follow for finishing out Demo 1 – helped with meetings and joined all meetings – helped with video
